Faith Matters

2013 Narrative Budget

The mission of Faith Presbyterian Church is to *Follow the Path of Christ . . . into discipleship . . . into Christian community . . . and into the future.*

Each committee and ministry at Faith seeks to fulfill this mission in unique ways. It is amazing how many different and varying programs and activities happen at Faith at any given time. From our infant nursery all the way through senior adults, there really is something for everyone at Faith.

1 Corinthians 12:4-6 says, *“Now there are varieties of gifts, but the same Spirit; and there are varieties of services, but the same Lord; and there are varieties of activities, but it is the same God who activates all of them in everyone.”*

It is our hope that the stories on the following pages will provide a glimpse of this diverse group of people with diverse gifts and talents, all working for the same God, doing their best to Follow the Path of Christ together.

— Tom Borland, Pastor

ADULTS & FAMILIES

\$6,778.00

Two years ago, Dan Dobbins announced in a Sunday School class a centering prayer workshop being led by Fr. William Meninger. Intrigued, I started by attending a Friday Enneagram workshop at St. John's Episcopal. Immediately after that event, I cleared my entire weekend schedule to attend his remaining events. To say that his workshops affected me deeply would be an understatement.

Since that weekend and his centering prayer workshops, I understand myself on a completely different level. More importantly, I view my personal relationship with Christ in a completely different way. Centering prayer has been such a blessing and a gift, and I am truly grateful to Dan and Fr. Meninger for introducing me to this form of prayer and worship.

Faith Presbyterian is incredibly fortunate to have Fr. Meninger visit us each year. I am reminded of that when I see the scores of followers who travel from near and far to hear him speak. What a gift our church is giving to the community by opening our doors and serving others! Let us continue on

In Him,
Kelly Garland

Dream Goal: We hope to sponsor scholarships for Financial Peace University as well as offer this course again at our church. It will require new DVDs and expensive new materials.

In 2013, the Building and Grounds Committee patched holes and cracks in the parking lot, seal coated it and re-striped all of the parking spaces including painting the speed bumps yellow for better visibility. This was done at a cost of approximately \$22,000 thereby delaying for several years resurfacing the entire parking area, estimated to cost in excess of \$100,000 if done today. The seal coating improved the safety and maneuverability of the parking area as well as greatly improving the appearance and appeal of the church.

From Susan McLeod, member of Building & Grounds:

I have been a member of the Buildings and Grounds Committee for around 10 years. It has been interesting to learn about all of the "behind-the-scenes" needs of our church property, from fire alarms and door locks to air handlers and roofing choices. I have participated in most of the church property "work days" and the committee has been blessed to see many of our church members, young and old, joining together to scrub baseboards, paint walls, pull weeds and trim trees. As I have always been concerned about the runoff of rainwater from our sloped property, the committee allowed me to apply for a grant from the City to establish a rain garden to mitigate some of the water flow. This rain garden is now working quite well on the southeast corner, and we have additional "slow the flow" plans in progress.

CHILDREN & FAMILIES

\$9,160.00

“Mom, did you see that bouncy house? I want to go there!” New to the area, Ashley took her girls’ words to heart and found out how to sign them up for VBS. Lekayla and NeiAshia came to VBS in 2009 as their first experience at Faith. “The girls felt the warmth and love of the church.” Ashley shares as she thinks back about how Vacation Bible School brought them to Faith. “Even though we were different, we were treated like everyone else. We were looking for a family and that is exactly what we found.” Now, all three of the Griffin girls call Faith home, thanks to the outreach of Vacation Bible School. Current budget line for VBS is \$2,730. Actual cost of VBS is much higher; in 2013 it was _____.

Dream Goal: The check-in system for kids@faith needs improving. With the recent addition of church-wide wireless we can now consider an electronic check-in system, which would: allow for more accurate sign-in and out of children, track attendance so volunteers and staff can follow up with members who have been absent for an extended period of time, create a system to gather visitor information of children (many attend once or twice on a Wednesday night or Sunday morning with a friend), and add security to the nursery pick-up/drop-off system. Estimated cost: \$8,000-10,000 start up, with an additional \$300-\$400 annually.

Faith's Deacons fulfill many ministries, including the Angel Tree, Blood Drive, Crop Walk, Habitat for Humanity, Easter Sunrise Service, Fall Jubilee, Meals on Wheels, Service of Remembrance, Fellowship Luncheons, Flowers and Hospital Visitation, Manna on Meridian, Martha Ministry, Sports Teams, Faith Outdoors and numerous other community ministry liaison roles.

Shelter Meal volunteer Skip Cook recounts his personal experience:

HE Talks....but I don't always hear

The third Friday of every month a small group gathers at the church to cook, deliver, and serve the luncheon meal for the folks at the Shelter. It was one of those bitterly cold winter days, and I was serving the meal to homeless people seated at a dining table. In handing the plate to one man, my hand touched his, and it was like ice. I remarked, "Friend, your hand is like ice!" He replied, "Mister, it's cold out there today, but this hot meal is going to help me a lot." Had I been listening to the Lord that day, I would have realized that there was an opportunity to get that man a pair of warm gloves from the store next door, but because I wasn't listening well, I missed the opportunity. Because of that experience with the homeless gentleman at the Shelter, the phrase "Let us be ever mindful of the needs of others" has been in my mind since that day.

That single incident has made Jesus' words from the scriptures real to me: **"As you do for the least of these, you do for me."**

Dream Goal: Expand and improve the Fellowship Hall kitchen to better serve Faith members and the community.

EVANGELISM
\$5,800.00

Every great institution has inspired and insightful leaders and daily hands-on leadership. I love Tom and Bea because all of Faith's ministries, programs, Taizé services, missions, youth programs and charitable outreach efforts reflect their belief in Faith. I love Faith because all of the youth and VBS programs reflect the best intentions of providing tomorrow's future leaders at Faith. I love the commitment and democracy of the congregation, elders, and deacons to provide Christian ministries to our community.

I love Faith because being a member is like living in the same warm comfortable home all of your life. I love Faith because the sermons challenge each of us to be insightful and always ask us to reflect on our commitment to Christ. Finally, I love Faith because every Sunday when I am seated beside my beautiful wife, I have only to look up at the altar and realize I am forgiven and saved. I love Faith Presbyterian Church and so will you.

Duff Maki

Dream Goal: New Member Shepherd, \$3,000. Part-time position to coordinate our welcome of visitors to Faith and our welcome of new members into our ministry and community.

MANAGEMENT
\$114,534.85

The Management Committee has responsibility for church policy and procedure development, oversight of church office operations (hardware, software, telephone, internet, postage), church vehicles, archives, insurance (our biggest budget item at \$48,000+ per year) and member communications. Last year, the committee added wireless in the church buildings at a cost of \$4,500. This year, with lots of help from Faith members, we completed an updated pictorial member directory and started an e-directory, accessible via the Faith website.

For 2014 we face significant increases in property insurance, service contracts, and internet charges of \$3,000 per year, just for continuance of current services. We also perceive a need to broaden our insurance coverage for new risks involving computer security and physical protection of various equipment in the church buildings.

Dream Goal: Our dream for the coming years is to update office computer capabilities and to enhance member interactions using the latest technology since that is the method the church needs to reach our youngest two generations. We would need an additional \$6,000 per year.

PERSONNEL

\$801,086.15

Faith has 10 full-time staff members. Some are well known within the congregation; you see them in front of church on Sunday mornings, Wednesday evenings, or other church events. Other staff members work "behind the scenes" to support the work of the church. Here is a perspective of the church staff from the point of view of Ginny Lindquist, a faithful office volunteer:

It's a pleasure to give a volunteer view of Faith's office staff and their contribution to the church as a whole. I am always impressed by the fact that this is not "just a job" to them. Yes, they are responsible for the "business" aspect of keeping things running smoothly at Faith, but it is also a ministry unto itself. Each day is different in the church office and the office volunteers can witness how there is no "routine." For example, a funeral service will take priority and need "extra hands on deck" to keep that and other tasks going. Also, consider hospital emergencies or members who need a sympathetic ear. Each staff member is always sympathetic, respectful and helpful to anyone needing help.

Becky Miller put it well, being unaware until she started volunteering in the church office "how much walk-in traffic there is. Every time I'm here people walk in to ask for help. And that's just when I'm here, so I know it's a lot more. Staff interact with them every day."

I've been volunteering in the office for 25 years and consider it a joy to be of some help to these dedicated and appreciative staff members. They are each

a hardworking and efficient part of Faith's ministry to the members and community.

working and efficient part of Faith's ministry to the members and community.

Presbyterian Women are committed to Bible study and prayer and to support the mission of the church and each other. We are inclusive; all members of Faith who wish to participate are members of Presbyterian Women. We have seven circles, and the circles meet the second week of each month from September through May. The circles share in Bible study, prayer, service, and deepening friendships. Each circle keeps in contact with one of our missionaries and provides meals when their missionary is in town.

All circles participate in collecting food for Thanksgiving baskets, preparing and delivering them. Mary Rivers Cooper remembers delivering a basket one year to a large family with two babies in diapers. Can you imagine their joy when we brought in a box of food that also contained Pampers!

Presbyterian Women donate gift cards to indigent children so they can select their own snacks for school and hopefully maintain their own identity. We help with Angel Tree gifts, collect for the blanket drive in winter, support the Faith Seminary Fund, the Columbia Friendship Circle, Thornwell Home, and the church flower fund for the sanctuary.

Dream Goal: Increased financial support for local and international missions; a larger scholarship fund for seminary students; increased financial support for congregational members to participate in mission trips.

PRESBYTERIAN WOMEN

PRESCHOOL

\$359,891.00

The Preschool ministry fosters and encourages a love of learning through continuing education opportunities among the teachers and staff. The teacher enrichments and NAEYC accreditation conferences that are included in the budget offer experiences and teachable moments that the staff can bring back to their classroom and students. The knowledge and hands-on experiences gained through continuing education inspire a passion for teaching and learning in partnership with our parents and children and help to build a foundation of learning that lasts a lifetime. Continuing Education = \$6,500.

Leon and Laura Lee Corbett's son, Arran, has attended the Preschool since he was two. *"Each year Laura Lee and I have seen how passionate the teachers are about students' development,"* Leon said. *"When Arran learned to sing the 'God Our Father' and 'Johnny Appleseed' blessings at school, it also became a tradition at our family dinner table."*

Dream Goal: Our ongoing dream is to enhance and continually update the playground to promote age appropriate, gross motor activities and physical development for young children. The playground serves as an important outreach to connect families and children from our school, church and community as they play in our backyard. Estimated cost = \$50,000.00.

WITNESS
\$51,075.00

The Witness Committee is responsible for our participation in both world and domestic missions. Faith supports seven world missions and several domestic missions. It's our goal to visit each of our missionaries in their mission field. Internationally our teams have gone to Costa Rica, Haiti, Mexico, St. Vincent, Nevis, Malawi, Brazil, Jamaica, Madagascar, and most recently, Guatemala, where we took an intergenerational group to Panajachel this summer. Among them were six middle schoolers. What a joy it was to introduce these young people to the mission field! They saw for themselves the poverty of most of the world and our ability/responsibility to be part of the cure. As one Aztec indigenous man told us, "You are planting a seed of hope in our hearts."

We engaged with the youth in four days of medical clinics, Bible schools, and a construction project benefiting indigenous peoples. They worked with four culturally different people all living in remote areas within reach of our mission. We were able to share our spiritual journey with them, and to share in the beginning of their journey.

Faith has sponsored clean water projects in Madagascar, in Tanzania, Haiti, Zambia, Ghana, and most recently in Guatemala. We also do missions domestically. We've participated in the United States with building and assistance for programs like Dogwood Acres and we've helped rebuild communities in the New Orleans area after the last hurricane. We support PUC at FSU, as well as Thornwell Home for Children in South Carolina.

Dream Goal: To honor Faith's charter commitment to give 50% to missions.

WORSHIP
\$16,020.00

Worship is the heart of the church. It is where we most visibly encounter God as a community of believers. When we come together for worship to celebrate a baptism, wedding, or funeral, we give witness to our life in Christ, both as individuals and as a congregation. One exciting accomplishment of the Worship & Music Committee was the introduction of a Prayer Service with the music of Taizé. Faith member Marie Krafft had this to say about her experience at the Prayer Service:

“I attended a Friday Taizé service at Faith this spring and I did not have a clue what I was to experience. The service was a blend of music with repetitive lyrics, prayer, scripture readings and periods of silence. The service was uplifting and gave me an opportunity to focus my head. It provided a time for personal fellowship with God, whose presence was evident. The simplicity of the Taizé service was refreshing, peaceful, contemplative and personally moving.”

Dream Goal: In the near future we hope to incorporate more guest vocalists, instrumentalists, artists and speakers in our worship services. To accomplish this goal we estimate a need for an additional \$2,000. Whether we are celebrating the imminent birth of Christ on Christmas Eve, rejoicing in our Risen Lord on Easter morning, or gathering for any other service, our worship makes possible a powerful encounter with our Risen Lord.

YOUTH & FAMILIES
\$11,489.00

I continue to volunteer with Faith youth because when I gave an 8th grader the assignment of reading John 1 aloud, he set it to a beat and rapped it. I work with the youth because from New York, I called one of our 10th graders in Montreat, and she sneaked a note to the woman that would become my fiancé. I volunteer because amidst the hormones and the attitude, teenagers will surprise you with their analysis of scripture and their ability to enact their faith, to uninhibitedly share the grace and mercy of God with our neighbors and amongst themselves.—*Nathan Ballentine*, youth leader

Faith is more than just a youth group to me; it is a home. I have grown up in the church, and was even baptized here. The friendships I have made with my youth group are just a plus. I love how eclectic our youth group is. Everyone is welcomed. I could not find a group I belong to more in any other church than my youth group at Faith. The mission trip to DC was eye opening and helped me realize how fortunate I was. Working with the homeless made me appreciate what I have and not take things for granted. — *Montgomery Smith*, youth

Faith's youth group is a place where my girls can feel free to be themselves, ask questions, and talk about their beliefs. — *Allison Green*, parent

Dream Goal: With the large increase in youth attending trips, we hope to purchase a second bus.
